Legislative Update

The 90th General Assembly concluded on May 4, 2023. During the fourth-month legislative session, lawmakers considered several bills that directly or indirectly impact the administration of the IPERS retirement plan. Ultimately the following bills were successful. Please click the link to learn more about the bill or contact [Shawna Lode](#) at IPERS with questions.

[HF 138](#) - This bill broadens the language that defines eligibility for membership in IPERS' Protection Occupation group. Previously, membership in the Protection Occupation group was available only to marshals, fire fighters and police officers who work for IPERS-covered city employers. The new language makes these employees eligible for membership in the Protection Occupation group if they work for any IPERS-covered employer.

[SF 418](#) - This bill prohibits public funds, including IPERS, from investing in certain companies that are owned or controlled by the Chinese military or government.

[SF 557](#) - In FY2024, IPERS' administrative budget will total \$20,923,309, an increase of about \$2.4 million from FY2023. In FY2024, IPERS is allocated 98.13 full time equivalent employees, 10 more than was allocated in FY2023. IPERS intends to hire six new investment professionals and four additional retirement benefit counselors. IPERS is self-funded and does not receive an appropriation from the state's general fund.
